

Joanna Yee

To whomever it may concern,

Hello, my name is Joanna Yee. I am a student studying at Kapi'olani Community College's New Media Arts Program (Interface Design). Currently, I am looking for an internship for my Fall semester. I am interested in applying for your company and learn from you.

I may not have the experience, but I have the drive to improve myself in whatever challenges that I will face. The internship will help me develop an understanding of how the world works, will give me experience in a work environment, and further my communication and design skills. Currently, I am helping my church by using my knowledge in design to create graphics and newsletters. Going through the process of producing newsletters for my church has taught me many things. It taught me the perseverance to keep trying when things don't go the way I want, also taught me that there are a variety of ideas and opinions and to be considerate of them. I want to gain more knowledge and find creative ways to express people's ideas.

If you have any questions, please contact me at (808)391-6113 or email me at joanna25@hawaii.edu. Attached below are my resume and portfolio. Thank you for taking the time to read my cover letter and looking over my portfolio. I will look forward to hearing back from you.

Sincerely,

Joanna Yee
